Pew Center for Global Climate Change -Basics

http://www.pewclimate.org/global-warming-basics/climate_change_101

The Pew Center on Global Climate Change brings together business leaders, policy makers, scientists, and other experts to bring a new approach to a complex and often controversial issue. Our approach is based on sound science, straight talk, and a belief that we can work together to protect the climate while sustaining economic growth.

Cool Cities--Sierra Club

<http://www.coolcities.us/>

A Cool City is a city that has made a commitment to stopping global warming by signing the U.S. Mayors' Climate Protection Agreement. Begun in 2005, the Cool Cities campaign empowers city residents and local leaders to join and encourage their cities to implement smart energy solutions to save money and build a cleaner, safer future.

ICLEI

<http://www.icleiusa.org/about-iclei>

ICLEI-Local Governments for Sustainability (ICLEI) is a membership association of local governments committed to advancing climate protection and sustainable development. Since its inception in 1990, ICLEI has grown to include over 1,000 cities in the world, more than 550 of which are in the United States
